Software Developer | Immediate Joiner

PROFESSIONAL SUMMARY

Software Developer with hands-on experience building cross-platform mobile applications using Flutter, Firebase, REST APIs, and AI integration. Developed three end-to-end software projects and completed internships in mobile application development. Strong foundation in Java, SQL, Object-Oriented Programming, Data Structures, and problem-solving. Seeking an entry-level Software Developer role and available to join immediately.

TECHNICAL SKILLS

Programming Languages: Java, SQL, Dart, Python

Technologies: Flutter, Firebase Authentication, Firebase Firestore, Firebase Cloud Storage, REST APIs, HTML, CSS, MongoDB, Flask

Core Computer Science: Object-Oriented Programming (OOP), Data Structures, Database Management System (DBMS), Operating Systems, Computer Networks

ML / AI: YOLOv8, Donut OCR, Transformer Models, Linear Regression, Computer Vision

Tools: Git, GitHub, Android Studio, OpenCV, OpenStreetMap API

PROJECTS

Intelligent Money Manager - AI-Driven Expense Automation

Flutter | Python | Flask | Firebase Firestore | Donut OCR Model | Linear Regression | [GitHub Link](#)

- Designed and developed an AI-powered expense management application using Flutter to automate receipt scanning and expense tracking.
- Integrated the Donut OCR model to extract merchant name, amount, date, and expense category from receipt images with approximately 75% extraction accuracy.
- Implemented Firebase Firestore for secure real-time transaction storage, synchronization, and retrieval.
- Developed a Linear Regression model to predict spending trends and provide personalized financial insights with approximately 80% prediction accuracy.

AI-Enhanced Road Damage Reporting System

Flutter | Python | OpenCV | YOLOv8 | Transformer Models | Firebase Authentication | Firebase Firestore | Firebase Cloud Storage | Geolocation | [GitHub Link](#)

- Developed an AI-powered road damage reporting application using Flutter for real-time citizen reporting and automated road defect detection.
- Integrated a YOLOv8 object detection model with OpenCV to detect and classify potholes and road defects from uploaded images.
- Implemented Firebase Authentication, Cloud Storage, and Firestore to securely manage user accounts, image uploads, and report data.
- Integrated GPS-based geolocation to capture precise road damage locations and support GIS-based visualization for authorities.

Hostel Management System

Flutter | Dart | Firebase Authentication | [GitHub Link](#)

- Developed a cross-platform hostel management application using Flutter with dedicated Admin and Student portals.
- Designed role-based user interfaces for attendance, room allocation, complaints, fee management, announcements, and mess planning.
- Implemented secure user authentication using Firebase Authentication for login and registration.
- Created an intuitive and responsive mobile interface following modern Flutter UI design principles.

INTERNSHIPS

Flutter Mobile App Development Intern - Kevell Corp, Madurai

Dec 2024 (15 Days)

- Collaborated on the development of a Flutter-based hostel management application in an industry training environment.
- Contributed to UI development, authentication integration, and feature implementation following Flutter development practices.

VR Multiplayer Game Development Intern - Raiden Studios, Madurai

May 2024 - Jun 2024

- Contributed to multiplayer game functionality in Unity, enabling gameplay sessions for up to 4 concurrent players.
- Resolved player synchronization issues that improved real-time interaction quality and reduced session-level bugs.

EDUCATION

B.E., Computer Science & Engineering - Thiagarajar College of Engineering, Madurai

2023 – 2026 | CGPA: 7.64 / 10

Diploma in Computer Engineering - Arasan Ganesan Polytechnic College, Sivakasi

2020 – 2023 | 93%

SSLC - Sacred Heart Girls Hr. Sec School, Srivilliputhur

2020 | 84.2%

CERTIFICATIONS & ACHIEVEMENTS

- AWS Academy Graduate – Cloud Foundations, Cloud Developing, Data Engineering (AWS Academy)
- Cybersecurity Essentials & Introduction to Packet Tracer – Cisco Networking Academy
- Data Analytics Job Simulation – Deloitte (via Forage)
- Critical Thinking in the AI Era – HP LIFE | HP Foundation
